

Dear Prospective Member:

Thank you for your interest regarding membership at Silver Springs Golf and Country Club. The Club is currently accepting applications for shareholder memberships and enclosed with this letter is a copy of our prospective member package for your perusal.

Silver Springs is a member owned, full equity share Club which prides itself on its championship par 72 golf course. Designed originally by renowned golf course architect, Dick Phelps, Silver Springs' tree-lined fairways give the golf course a feel that is difficult to duplicate in the city. The golf course winds itself through the coulees and plateaus of northwest Calgary and presents the player with a wide diversity of terrain and elevation changes. With four sets of tees ranging in yardage from 5500 yards to 7000 yards, golfers of all skill levels will find the course a challenge. A comprehensive practice area, including a driving range, putting and chipping greens, are all located adjacent to the first tee and Clubhouse.

A golf course is truly a reflection of its membership. Silver Springs boasts a very active club membership with over 500 active members, 200 active spouses, and some 200 juniors. Silver Springs prides itself on its Ladies' Day, Men's Night, Junior programs and Club tournaments.

The 20,000 square foot Clubhouse has facilities to take care of all your dining and meeting room requirements. There is something for everyone on the menu in the bright and open lounge overlooking the eighteenth green, or enjoy a full-course meal in the dining area or on the outdoor patio with spectacular views of Canada Olympic Park and the Rockies. Snack bar service is available on the lower level next to the patio area. With several meeting rooms and a large banquet area, Silver Springs can cater to functions from two to two hundred and fifty people.

One of Calgary's finest golf courses, great food with spectacular views, service dedicated to making every member and guest feel special, all in a picturesque setting only minutes from downtown Calgary. Come in and see why you should become an equity member at Silver Springs today.

With your application we require an initiation fee of \$3,000. The timeline for your share purchase is established by your position on the waitlist. Prospective members may have a waiting period for full shareholder status which will vary depending on share availability.

If you have any questions or require additional information after reviewing the enclosed, please do not hesitate to contact Sheryle Rowland at 403-286-1456 or email srowland@silverspringsgolfclub.com.

We would be happy to arrange a tour of the Club and its facilities at your convenience. We look forward to receiving your application and welcoming you as a valued member of Silver Springs.

Playing Times

Tee times are allocated by an electronic lottery (ballot) system which is supervised by the Golf Shop, requests may be made up to 14 days in advance. Requests may be submitted online through the Clubs website, (silverspringsgolfclub.com) or in person on the tee time booking computers at the Club. Changes to requests or the actual tee times after the lottery has been done may be made online, in person at the tee time booking terminals or through the Golf Shop staff. Changes on the day of play must be made with the Golf Shop staff. Ballots for times during shareholder hours with less than three names are accepted without priority.

Ballots consisting of shareholders only will receive priority if demand for times within restricted areas is excessive. In the event of excessive demand for times during non restricted areas priority may be given as follows:

1. Shareholder ballot only
2. Shareholder and spouse/intermediate/junior
3. Spouse/intermediate/junior
4. Shareholder and guest
5. Spouse/intermediate/junior and guest

During periods of excessive demand, discretion may be used by the professional staff when adjusting ballots. Consideration is given to recent tee time history and frequency of play. Speed of play history will continue to be given consideration for times during shareholder hours on weekend and holiday mornings. Faster groups will be given priority for early times.
