

“DIGGING IN”: WEEKLY IRRIGATION UPDATE

Week of April 23rd, 2025

Driving Range Update:

The Project is off to a positive start with HNT Services beginning the Project on April 14th, 2025. Given the fact that ground conditions (frost in the ground) could be our biggest hinderance on the commencement of the project, we are very pleased that we were able to begin on this date as was previously communicated.

Irrigation work began on the driving range, April 14th to coincide with the Trackman range initiative. Doing both the Trackman installation and irrigation component at the same time will minimize disruption to members and allow the driving range to remain open upon completion of the Trackman system.

The driving range irrigation installation is 90% complete. HNT Services encountered some frozen ground (southwest corner) which halted their ability to finish. HNT Services will be back on the range within the next two weeks to complete the tie and allow the Turf Care team to begin watering the driving range as required.

See the Driving Range drone footage!

Hole #12 Update:

Recent weather events (rain and snow) since last Saturday (April 19th) limited HNT Services from starting major work on #12 until they were able to get going yesterday. (April 22nd) HNT Services is pulling pipes into the ground and digging holes for sprinkler heads and barring any weather events, will continue to progress on #12 this week and beyond.

Please note that hole #12 will be closed until further notice. Upon opening this Saturday, April 26th, once members have put out on #11 green, you MUST cross the road and navigate through hole #12 (traffic control will be in place and members must abide by this for their safety) and continue to hole #13. PLEASE DO NOT DRIVE OR WALK ALONG VARSITY ESTATES DRIVE TO GET TO HOLE #13.

Thank you for your understanding and support as we navigate through the irrigation renovation in 2025. It is our goal to continue to make your experience at Silver Springs positive, engaging and most of all, FUN!

Best regards,

Lance Morris
