## SPEAKERS AND CELL PHONE USAGE

---

To maintain the Club's peaceful atmosphere, we ask that **cell phones be set to silent or vibrate mode at all times.** Texting and emailing are welcome, but **please be mindful of those around you.**

If you choose to listen to music on the course, **Bluetooth speakers may be used at a respectful volume. If another group can hear your music, we kindly ask that you turn it down or off.** To preserve the Club's ambiance, speakers are not permitted in the Clubhouse or other common areas.

## DRIVING RANGE ETIQUETTE

---

The driving range is a valued service for members and their guests, regulated by Golf Shop management. Children under 7 are not permitted to use the range. We have many homes that are behind the driving range, as well as Hole #1 to the left, and we must be respectful of our neighbours. Please be respectful when practicing.

**Players who can drive the ball over the back fence, or beyond the designated range boundaries (+ 280 yards), are prohibited from using their driver or any club that may exceed these limits.** Violating this policy may result in immediate loss of range privileges.

## PACE OF PLAY

---

The recommended time for completion of 18 holes is **4 hours or less** from 1st tee starts and **a round exceeding 4 hours and 18 minutes is deemed unacceptable.** The following is deemed a violation of the place of play policy:

**Any group whose pace of play exceeds 4 hours and 18 minutes from a first tee start, where the group finishes the round more than 10 minutes after the group immediately in front.**

**All members on the course should be “in position” at all times. If a group is out of position, all three of the following are occurring:**

1. One full hole behind the group in front of them (par 3 or par 4)
2. 10 minutes off the expected time chart to that point on the course (averaging more than 14 minutes per hole)
3. Holding up the group behind them.

## COURSE CARE AND ETIQUETTE

---

We take immense pride in the exceptional condition of our golf course, thanks to the collective efforts of our members, guests, and staff. We kindly ask all guests to help by **repairing ball marks with a divot tool, raking bunkers after use, and filling divots with the provided sand and seed mixture.**

**Cart paths should be used whenever possible,** especially near tees and greens. In areas where cart paths are unavailable, we encourage keeping carts on fairways rather than rough or fringe areas.
