*"We joined 7 years ago and have enjoyed every year since! We quickly met some great people to golf with and very much enjoy the social aspect as much as the golf. The course is an oasis in the middle of NW Calgary and its very easy to forget that you're in the city once you hit the links. Can't wait to get back out there!"*

*-Penelope, Silver Springs Member*

*“It’s September and the course feels like it is playing mid season. Very well maintained and the amenities were great. Good challenging course, even for golfers who are still developing.” – Robert Archambault*

## OUR GOLF COURSE

### Course History & Highlights

At the heart of Silver Springs is our exceptional **18-hole, par-72** golf course – a peaceful, beautifully maintained retreat that feels worlds away from the city, yet remains right in the heart of Northwest Calgary.

Designed by renowned architect Dick Phelps, Silver Springs opened in 1971 as Calgary’s 10th golf course. The vision was to create a layout that **blended seamlessly into the natural landscape**. More than one million cubic yards of earth were shaped and **over 3,500 trees** were planted across the 200-acre property, forming the mature, park-like setting our members enjoy today.

The result is a course defined by **rolling terrain, thoughtful routing, and a tranquil tree canopy** – a layout that is both engaging and enjoyable to play. Members often say that once you step onto the first tee, the city seems to fade away.

Silver Springs offers golf that is **walkable, fair, and welcoming**. With a unique layout that encourages **great pace of play** and repeat rounds, the course provides challenge without intimidation – creating a social, enjoyable experience for golfers of all abilities and a place members look forward to returning to again and again.

### Play Your Way

Whether you’re enjoying a relaxed nine with friends or testing your game from the back tees, Silver Springs delivers a course that is as enjoyable as it is memorable – round after round.

- **Five sets of tees for all ages and abilities**
- **Family tees starting at 3,622 yards**
- **Championship tips stretching just over 7,000 yards**
- **A balanced mix of approachable holes and rewarding challenges**

## MEMBER TESTIMONIAL

### **Testimonial for Support of Silver Springs Golf and Country Club for Consideration by Prospective New Shareholders**

*Submitted by a Silver Springs Member, July 2023*

When considering joining a private golf club in Calgary, AB, there are a few ways of examining this decision. Notwithstanding “geography and location” as an obvious prime factor, there are many aspects and views to be applied. As a 5-year member coming to Silver Springs with enough experience at most of Calgary’s leading clubs, here would be some observations and comments on how Silver Springs stacks up in these four areas:

#### **The Golf Course:**

Silver Springs’ 18-hole golf course is one of Calgary’s most exciting courses to play. One aspect of its intrigue is the variety of holes, with not one even being close to another in its layout, natural beauty, and strength as a golf hole. We have a course that weaves in and around valleys and rolling terrain, which is exceptional and unique for an “inside the city” course.

At Silver Springs, we are very fortunate to have a superior grounds crew. Mother Nature does her best to throw challenges our way throughout the year, but we are never without our “palate” being tended to with focused diligence every day of the year. Our Greens Committee, comprised of your fellow members, are strong at advocating the needs of their peers on the course. While some courses may be labelled as “the Superintendent’s course”, that does not align with the Silver Springs philosophy. Our course belongs to the shareholders and members, and it is truly ours!

#### **The Clubhouse:**

The Clubhouse is the facility we gather in before and after a round of golf, or at any other time you decide to spend a lunch or evening enjoying a great meal with friends. Silver Springs is blessed to have one of the city’s best dining experiences, along with an excellent serving staff that makes Silver Springs your new “go to” dining spot.

# MEMBER TESTIMONIAL (CON'T)

Silver Springs has always reminded me of those words from the Cheers TV show: “you wanna be where everybody knows your name, and they’re always glad you came!”. Whether it’s indoor fine dining, enjoying casual summer weather on our outdoor patio, or sitting in the lounge watching the game with your friends, there’s always a place for you.

## **Silver Springs Golf Operations:**

At the heart of every golf club, there are people that make golf events happen and are available for everyone’s preferences and needs. Its not just about the “Club Championship” weekend; Silver is anything but that. More than any club I’ve known in Calgary, this Club rises above all at prioritizing and delivering “events for all”. Both genders, all ages, all golf abilities, and even outside work schedules.

More than any club I’ve seen, Silver lives by “our focus is on ALL levels of ALL golfers”, and doing their best to provide a comfortable and enjoyable experience for all. If you’re a beginner golfer, social golfer, just for fun, a serious golfer, or juniors, our pro staff is the most approachable, engaging, and listening group of golf leaders we could have. Whether it’s scheduled lessons or just casual “one off” tips or aids, they’re always there.

## **Club Leadership:**

The words that most accurately define our management is:

- They are present and available to all.
- They are always actively engaged with all parts of the club, just like a friend.
- They ask, inquire, listen, and act on the great input from YOU.
- They are incredibly respected by their own staff, and are looked up to as career mentors.
- They all know the Silver Spirit and live it every day.

The resumes of our annual elected and appointed Board of Directors are the “Who’s Who” within the Calgary industries. They are with members constantly and willingly take input from them to determine our business needs. Many other clubs have Boards that are perceived as “private clubs within a private club”, but Silver has a proven track record of strong member involvement and collaborative methods.

Silver Springs has a strong dedication to fiscal responsibility, and all ventures are heavily scrutinized to keep it that way. There never has been, and never will be, financial commitments that are outside prudent decision-making processes.

If you’re thinking about becoming a member at Silver Springs, I highly recommend going for it. Silver Springs will become your home away from home with welcoming people, a fun atmosphere, and a place where you can play golf, and enjoy life.
